On October 14 at Lowe's® Motor Speedway, Kasey Kahne and the No. 38 Great Clips Dodge team rolled out all of the "covert" tracks tactics as they shared the NASCAR Busch Series race day spotlight with *Spy vs. Spy Jr.* from *MAD Kids* magazine.

Starting in November, *Spy vs. Spy Jr.* will leap forth from the pages of *MAD Kids* in a continuing story of pint-sized enemies who fight their never-ending battle with cream pies, slingshots and water balloons. *MAD Magazine* featured the No. 38 Great Clips/*Spy vs. Spy Jr.* Dodge Charger as part of the launch for the new *MAD Kids*, which is designed to appeal to children ages 6 to 11.

The No. 38 Great Clips/*Spy vs. Spy Jr.* Dodge Charger marked the second time Kahne teamed with *MAD Magazine* for a paint scheme special. Last season, the original *Spy vs. Spy* made an appearance aboard the No. 9 Dodge at the NASCAR Cup Series race in Atlanta.

A SPANISH INQUISITION

This summer vacation I went to visit my family in Mexico. One day I went to a magazine store in Mexico and I saw MAD in Spanish. Since I didn't have any money to buy one when I was there I want to ask you something. Are the Spanish MADs just translated versions of the English ones, or do different artists and writers make them?

Gerardo Perez, Oakland, CA

Perez Dispenser — Good question — or should we say "bueno pregunta"? No, we were right the first time! In truth, the Mexican version has both translated stuff from American MAD, as well as new material created by the Mexican staff. Fortunately, Mexican MAD has a crack team of artists and writers including — Juan Caldwell, Ricardo Tulkado, Desmond Devlino, Jacobito Lamberto and, of course, Arie Kaplan (that kid will do anything for a peso!) Gracias for writing! —Ed.

WHAT'S THE MATADOR?

I resent and I extremely disapprove that you listed in the Fundalini Pages (MAD #457) in the "Updated Library of Extremely Thin Books" the book titled "Notable Jewish Bullfighters." Have you ever heard of the world famous Jewish bullfighter Sidney (Frumpinkin) Franklin? Born in Brooklyn, he went on to be a renowned bullfighter in Mexico and Spain. Ernest Hemingway wrote of Franklin that he was "one of the most skillful, graceful and slow manipulators of the cape in his day." So yes, there was a "great and notable Jewish bullfighter" — I want an acknowledgement of Sidney Franklin.

Dr. Norman Goodman, Langhorne, PA

Stormin' Norman — Good lord, you're right! Sidney (Frumpinkin) Franklin! How could we forget "The Frump"?!! He was a famous Jewish bullfighter! Boy, that brings the tally to...one! So you can see why it would be a *thin* book, Doctor. We didn't call the piece "The Updated Library of Non-Existent Books," did we? Here's another slender tome you can add to your library:

Happy reading and feel free to write in again if you need this joke explained to you as well! —Ed.

MAD CELEBRITY SNAPS

Ross Feinberg and Jason Isaacs — what, no Dobby?

Here I am with Jason Isaacs who plays the villainous Mr. Malfoy in the *Harry Potter* movies. Jason is in Rhode Island filming the *Brotherhood* series for Showtime. I met him through my son Steven, who is Director of Film and TV for the state of Rhode Island. I've been an EC fan since the '40s and was an avid reader of MAD. Panic, The Haunt of Fear comics and am now a subscriber to MAD Magazine.

Ross Feinberg, Los Angeles, CA

Fein and Dandy — Your Celebrity Snap comes just in time for the release of a little sleeper film called *Harry Potter and The Goblet of Fire*. We're hoping this little plug will raise awareness of the project and help it make a bit of money! Congrats on your free MAD subscription! —Ed.

MAD FAN OF THE MONTH

I have been a reader and subscriber of the insights from the Usual Gang of Idiots for the past 40 years. I was one of those kids who took their MADs with them to college because I was afraid my mom would toss them out. My collection has moved with me so many times I've lost count. Your magazine has always had the most honest commentary on our society and culture, our entertainment, our government and our lifestyles. It has shaped me into who I am today. Some days I'm not too sure what shape that exactly is, but I have a great sense of humor and positive outlook on life thanks to your magazine coming to my house each month and making me laugh. Enclosed is a photo of me with my MADs...all 276 and counting. I think this qualifies me for top honors as MAD Fan of the Month.

Ron Cohn, Santa Rosa, CA

Wrath of Cohn — You've managed to pull off the rare double whammy of MAD Letters Page contests! Not only are you the MAD Fan of the Month, but you're also the winner of our newest feature, "The Captured Saddam Hussein Look-A-Like of the Month" contest! These are two titles that are sure to impress the ladies. Thanks for writing and good luck with your trial at The Hague! —Ed.

SOUND BITES

I thought you guys might be interested to know I was listening to "The Osgood File" on the radio the other day and Charles Osgood wrapped up his commentary on some sort of financial responsibility diatribe by saying: "Just as the philosopher Alfred E. Neuman once said, 'What, me worry?'" Gee, after 40 years of reading your magazine, I never once thought of ol' Alfred as being a philosopher. This certainly sheds new light on how I will receive your magazine from now on. It's not only a load of crap...but it's an intelligent load of crap!

Jeff Osterhage, Burbank, CA

Oster La Vista — We wish we could say the same thing about your letter! —Ed.

Make a Dumb Wish Foundation™

I have been wanting to make a dumb wish for a while now, and I finally thought of something for your great magazine. I have some great parents, but they aren't exactly technologically inclined. I don't have a TV in my room, our computer is slower than a slug's digestive tract and our family room TV is about 26 inches. But, worst of all, we don't even have cable! I get 8 channels (one of which is Spanish) and it takes a lot of work to tune them in sometimes. I have pleaded with them, but gotten no results. So my dumb wish is for you guys at the *Make A Dumb Wish Foundation™* to write a lengthy letter to my parents (Chris and Christine) explaining why they should pay for cable. Or, you could skip all that ugliness and buy us a big screen TV.

Nick Kuell, Danbury, CT

Nickelback — We here at the *Make A Dumb Wish Foundation™* are having a hard time figuring out what's dumb about your wish. I mean, c'mon, who *wouldn't* want free cable? We went ahead anyway, though, and ordered you the special "MAD Entertainment Package." Soon your 26 inch TV will be bursting with shows on these awesome stations: B.A.T. (Ben Affleck Television), The Ukrainian Cartoon Network, The Scrabble Channel, ABC's Dysfunctional Family, The Expired Food Network and of course, the Oxygen Network (or "The Oh!" to those in the know!) We know you will have many hours of entertainment with your new cable system. Thanks for writing to the *Make A Dumb Wish Foundation™*! —Ed.

THE WORKING MAD

Recently we got an e-mail from a worker at Weiden+Kennedy, the ad agency behind campaigns for Nike and ESPN, calling our attention to this Alfred E. Neuman Post-it mosaic. He credited the "artwork" — which is on display in the atrium of the agency's headquarters — to the students of Weiden+Kennedy's advertising school. Hey guys, wasting time and office supplies — well done!

DOWN IN THE DUMPS

I'm writing to inform you that your magazine is too short! I like to read it while sitting on the toilet and I can blast through the entire issue in one sitting. I like to get several sittings or movements out of my reading material. So, how about extending your toilet rag for maximum enjoyment.

C.W. Marshall, Sewell, NJ

Marshmallow — Geez, you didn't go directly from reading the magazine to writing this letter, did you? Ewww, gross! On further consideration, we decided that you're right — we need a longer version of MAD made especially to read while in the bathroom. We could even call it *The MAD Bathroom Companion*. Hey, wait a minute, we've already put out FOUR of them, you moron! Why don't you go out and buy them now...if you're able to tear yourself away from your beloved toilet long enough! —Ed.

THE BIG QUESTION

Back in MAD #456 we brought back a treasured feature we called "MAD's Big Question." In the newest installment we asked readers to tell us "What celebrity would you like to see eating a Mad Cow-tainted cheesesteak on *Fear Factor*?" And the celebrity that got the most votes is...that couch-jumping wackadoo, Mr. Tom Cruise! (In a close second was super-useless professional bimbo Paris Hilton, and in a surprising tie for third — professional himbo Brad Pitt and right-wing bimbo Ann Coulter!) We'd like to take this opportunity to wish Tom all the luck in his upcoming marriage...before the inevitable divorce occurs. Thanks to all who voted and be sure to write in with your votes for this issue's Big Question!

ENVELOPE OF THE MONTH

In our continuing quest to get the word out on Harry Potter, we present this Harry Potter-inspired Envelope of the Month, sent in by Monica Morales O'Hagan of the Canary Islands, Spain. Thanks, Monica and remember, kids: Harry Potter — you heard it here first!

MAD'S BIG QUESTION OF THE ISSUE

Which celebrity's iPod would you like to see cranked up to a dangerously high volume?

Send in your pick to Amy "The Big Question" Vozeolas, c/o MAD Magazine, 1700 Broadway, New York, NY 10019.

BECK ISSUES

I watch music videos all the time and when I was watching new videos on TV, I saw Beck's video for "Girl." I notice how things fold-in like the MAD Fold-in. I also think I saw Al Jaffee's name on one of the television sets in the video. There was also Alfred's lips with the missing tooth at the end of it. Please tell me, did Beck ask you for help?

John Higginson, Philadelphia, PA

Port-A-John — As we first reported way back in MAD #456, Beck's "Girl" video is filled with Fold-ins come to life! To answer your question, Beck did get Al Jaffee's blessing before making the video. To see the video's Fold-ins in detail, check out our special feature in MAD Classics # 4 on sale December 20th! —Ed.

READER ALERT

Everyone that got their missive published in this month's Letters Page will receive a free copy of *Harry Potter and the Goblet of Fire* for PlayStation 2 courtesy of EA Games! (Boy, this movie might just make some cash after all!) For those who didn't get their letters printed, don't worry — the game is on sale now! Go to www.masterthemagic.com to check it out yourself!

THEY'RE OFF TO BE THE WIZARDS DEPT.

In the past three years, that breakable dweeb Harry Plodder has been attacked and almost killed by (among others) a giant spider, a giant three-headed dog, a giant tunnel snake, a psychotic tree and an army of ice-cold dementors, not to mention the minor details of a never-ending death plot involving various strangers, classmates, parents, professors, and the most evil wizard who ever lived. And the story's not even half over for the poor schmuck! There's no doubt about it...

Harry

Oh, joy! Another year older, and another semester at Halfwits! Suspicious classmates hate me, some of the professors torment me for fun, and I've almost been murdered a half-dozen times! No wonder I call this place "home"!

Just as I suspected, Harry! Most of your lightning bolt scar tissue must be on the inside of your forehead! Anyhow, it's not like you're the only one who's got problems. Now that I've blossomed into a chatroom pervert's wettest screen dream, sex has entered the picture. I have to stave off the raging hormones of just about every male character except your owl! It started with my so-called friend, Runt! That's right, don't think I haven't seen you trying to slip roofies into my potions!

Don't blame me, blame puberty! My voice has magically changed, and I'm feeling a strange "Engorgio" charm in my slacks! I just can't believe you'd prefer the suave machismo of an elite Russian athlete when you have a specimen like me handy. What woman wouldn't want a beanpole who looks like a young Donald Sutherland with Down's syndrome? Please? I've spent three years petting my rat, and I'm ready to take the next step!

I'm Drano Malformed. I know that Druckermort has a plan to return. And when he does, he'll create a nightmare world of capricious death and torture, in which me and my family will get to be his slaves for eternity. Ha ha! Who's gonna have the last laugh THEN, Plodder?

I'm New Prop Character #1, Eccentric Buggery! This year Harry Plodder isn't going to be the only star of this school. I've read ahead in the script, and I get to be an unforgettable hero who receives special honors. Now I just have to check what "posthumous" means!

And I'm New Prop Character #2, Harry's exotic Asian classmate Cha Ching! In British terms, I give Harry a "sticky wicket"! Maybe we can enjoy bangers and fish fingers sometime! I know he'd like to visit the other side of the pond! Okay, is that enough slang to make you American yahoos happy? Regardless, Harry would make the perfect boyfriend for a healthy 15-year-old girl. Long before I get bored of being with him, he'll probably already be dead!

Plodder

HAS GOTTA RETIRE

Harry Plodder! Herwhiny Grungy! Runt Queasy! I can still remember you the way you children first arrived here, three DVDs ago! What a pleasure it's been to watch you grow into a fine young man in Harry's case, or a splendid young woman in Miss Grungy's. As for Runt Queasy, it could still go either way!

As Headmistress, I am very, very unhappy with all the romance going on, in and around my Griddlecake House! Mostly because I haven't gotten any since the Dark Age! Ah, what a wonderful time the Dark Age was. Alas, once the lights came back on, I was out of luck!

I'm jus' so pleased to be a pefessor here at Halfwits! I couldn't love my students more if they were undulating gaseous gully frogs! I don't know why I identifies so strongly wit' abnormal animals. I wonder about it every times I combs my giant frizzled beard or eat a gnu raw! I needs t' watch my diet, though. I'm th' reason these movies are filmed in widescreen! Right now I'm 1,600 pounds, and that's after six weeks on the South Witch Diet!

For years now, I've had to sit back jealously and watch other, less qualified wizards run the show! I've had to put up with abuse from a sneaky, wet-nosed little punk who never seems to lose! Yes, I'm a Democrat. Why do you ask?

Yeah, yeah, I know, I could use an extreme makeover. It took a lot of hard battles and a slight constipation problem to turn me into "Bad Eye Moonpie"! Hey, at least my right eyeball is normal, which puts me one up on Ashley Olsen! I was glad to take the vacant Defense Against Dork Arts teaching position, not so much for the salary as for the health benefits. I go through about three gallons of Visine a day!

Harry Plodder, you've beaten me time and again. But I wouldn't be Lord Druckermort if I didn't have a good backup backup backup backup plan! Right now, though, I need to lie down and rest for a year or so. My body is in ruins and I need to have my arm replaced. On the plus side, I've been offered a slot in the New York Yankees' starting rotation!

Master, it is an honor to serve you! I am happy to grovel in your magnificent shadow, shamelessly overeager to fulfill your smallest command. I'm even thinking of changing my name to "Condoleezza"! The ultimate reward for my loyalty will be when you rise again and make me your right hand man. Er, make that left hand!

On second thought, I'm thinking of transferring to a home-schooling system at the Neverland Ranch! It's a much safer environment for confused young boys!

The Squamish Cup championship is a million times faster and more violent than the games you're used to at Halfwits. But it's getting way too overcommercialized...

Pow! Young superstar Virile Skum has just dislocated Adam Cooke's elbow. Cooke is in agony...and fans, if you've been dislocated, why not rent a U-Haul? Play continues, and here comes Ireland's trio of chasers. Like a heaping bowl of frosted Lucky Charms, these Irish speedsters are magically delicious. Oh, no! There's been some kind of enchanted explosion. The players are horribly burned! The flesh is melting off their limbs and faces!

Yes, but I have some good news. I just saved a bunch of money on my broom insurance!

Welcome to another thrill-packed semester here at Halfwits! Together, we shall accomplish the impossible! Namely, take a 734-page book and somehow cram it into a 130-minute movie! So if you're into those annoying chapters with the "civil rights movement for elves," take your geeky nerd diatribes to the internet! That subplot is OUT of here!

As headmaster here at Halfwits, I am entrusted with protecting the safety of every student. On the other hand, what the heck! Thus I happily announce the resumption of the deadly, once-banned Toowitless Tournament! Three schools shall compete! Any Halfwits student over the age of 17 may enter their name for the enviable privilege of being incinerated, drowned or squished! It's no wonder our school's passing rate is 95%, but its survival rate is 82%!

The "oompahpah" spell makes these spiders twitch! The "ralphmacchio" spell makes 'em bleed! And the illegal "gabbagabbahey" spell sucks the life right out of them!

Can we use these spells against Lord Druckermort?

Who cares? I just think torturing bugs is FUN!

It's the two schools that put the "rival" in "arrival"! The all-boys school Spermgang has already marched in. And now, say hello to the all-girls school, Babeathon! Everyone's so thrilled to see their magnificent carriages soaring overhead!

Except the unlucky ones... right under the horses!

And the three contestants will be... from Spermgang, Virile Skum! From Babeathon, Fleur Dexatrim! And from Halfwits, Eccentric Buggery! Wait! There's a fourth — Harry Plodder! Shocking! Who could have imagined this, except anyone who saw the small clue hidden in the movie's title?

Sorry, Harry. It's against the rules and incredibly dangerous. Yes, and Druckermort is trying to kill you. But there's no way out. The metal cup says you have to play!

Harry Plodder! Harry Plodder! Banana Fana Fo Fodder! Just because you're pure and brave and good and loyal, you think you're so great! Well, I'm sick of living in your shadow! Admittedly, shadows are good for my pasty British skin...

Let him vent. It's hard for Runt to be your personal Nicole Richie!

That's okay. In every movie, this is where the whole school turns against me for no reason. It's so predictable, they list my annual ostracization in the Halfwits course catalogue!

Rita Skeeever here for Faux News. Harry Plodder, why are you soft on terrorism? Do you repudiate the blame game? Will you be helping a heartbroken Jennifer Aniston to pick up the pieces? I'll give you the last word. But before I do, you might like to know that the response to our unscientific online Harry Plodder poll was "33 percent."

You mean they think I have a 1-in-3 chance of winning the Toowitless Tournament?

Not quite. After you get roasted alive, there'll only be about a third of you left to bury!

I have a big problem. I used my invisibility cloak to follow Haggard and Madame Maximum into the woods and saw the first Toowitless challenge. A dragon!

I'd say your biggest problem is that you're using that cloak to watch Haggard instead of spying on girls! Whoops, gotta go! I'm on Sprint, and their roaming charges on person-to-fireplace calls are through the roof!

Behold! Only one shall go down in history! Only one wins eternal glory in a legendary tournament no one ever heard of until a few weeks ago! Is anybody buying this? Anyone? Is this mic on? Testing, testing!

Harry Plodder is one of the 400 bravest people I've ever known!

400? Who are the other 399?

All of us here in the stadium! If that dragon decides to turn his head and cough, we're toast! Literally!

We need a couple of dates for the Christmas dance. Fortunately, I have a plan. I'm going to keep stalking Cha Ching around the hallway corridors, giving her steamy blank looks. From what I know about girls, they just LOVE that! How about you?

I finally worked up the courage to speak with Fleur Dexatrim. Of course, she's French, so we didn't quite communicate. What does "stuffez-vous, le dorke" mean?

What's that clicking noise? It sounds like 500,000 pause buttons being hit on DVDs in basement apartments all around the globe!

I'd leer, except I'm distracted. These stupid bees keep trying to pollinate my jacket!

What a lucky girl I am. I have my pick between a monosyllabic Russian musclehead and a slack-lipped, red-headed dweeb! No wonder Halfwits comes in dead last in the ranking of "Best Party Schools"!

Ha! And I thought you were supposed to be the greatest wizard of them all!

You gotta give me a break. This bathwater is freezing!

In the original book, Harry got the magically convenient underwater breathing weed from Slobby the Elf! But here, he gets the magically convenient underwater breathing weed from a helpful classmate. So where DOES that stuff come from, a kid or an elf?

Neither! It comes from J.K. Rowling's "whatever it takes to keep the story moving" bag of tricks!

It's so great that you've got a magic pensieve, which will reveal the old memories about who helped Druckermort back then and who can be trusted now! How long do I have to swish these murky waters to make it work?

Er, yes, Harry, but the pensieve is one over. You're splashing around in my personal bidet. Yeee-UCK!

We'll get out of this final challenge together. Left! Left! Right! Right! Up!

What kind of directions are those? It's the PlayStation cheat code for this stupid scene. Think about it. We had to go through a maze, fighting creatures, until we located the secret object that warped us to another room. It's exactly like a videogame!

With one difference! In your case, you only get one life!

I'm back! I killed Plodder's parents. I killed my own father. My second reign of terror begins now! And I send costly text messages to all my friends! I'm evil!

So... will you show me respect, Plodder?

Then will you show me fear?

Even at the moment of your death, you have nothing to show me?

I told you, I can't! I'm an incredibly stiff and limited actor!

Noooo! You are a mere child! How did you know to aim your wand's power stream directly at my own?

Easy! I watched the end of *Ghostbusters*!

We'll help you, Harry! Somebody ALWAYS shows up at the end to rescue your sorry butt! In the first movie, it was a magical centaur! In *Lamest of Sequels*, it was Doubledork's pet phoenix! At the end of *Actin' Bad*, Seriously Wack saved your bacon!

Now, it's us. You've got the world's longest winning streak, Harry... you might want to try being a part of it sometime! Tsunami victims get less assistance than you do!

Hi ho, everyone! There's good news and bad news regarding the tournament results. The good news is that Eccentric Buggery tied for first place! The bad news is that it's the end of the movie, which means it's just about time for the usual boring, wordy and incredibly convoluted explanation of what happened. Oh, and also, Eccentric snuffed it!

This wasn't Bad Eye Moonpie. He was an impostor all along!

Correct! Booty Grouch, Jr. is a brand new character! He switched identities with his mother to escape prison. Then he kidnapped the real Moonpie last year, locked him in this trunk, and assumed his identity. Then he secretly rigged the Goblet to add you to the tournament! Then, to make sure you'd win, he orchestrated clues so that others would help you. Then he zapped the other contestants so that you'd be the first to the cup, which he'd turned into an enchanted "portkey." When you touched it, it transported you to Druckermort's graveyard. His plan was brilliant!

Actually, his plan was idiotic! Why not just make the doorknob to my room the portkey on the first day and be done with it?

Our powers are magical, not logical! That's why there's tons of ghosts we see all the time, like Peevish, Groaning Girdle and Nearly-Headless Schmuck, and others you can't spend time with, like your mom and dad! What's up with that?

You've overcome three great challenges, Harry! You've defeated Lord Druckermort again. You've brought honor to Halfwits. But there is one dark force on the horizon that you and your friends cannot escape. A dark force that is beyond all the powers of any wizard to prevent, or even the Production and Distribution wing of Time Warner!

Puberty! In case you haven't noticed lately, you three children don't look much like children anymore! Harry, I predict you'll be getting your first prostate exam before you get to take your final exams! Unfortunately, you still have three more adventures to go, and a very small window of time in which to film them! Write fast, J.K.! Write fast!

Let's face it, for every one Batman, there are fifteen other less notable muscle-heads in gaudy outfits out there fighting evil. And while these crime-fighters may enjoy certain super-hero powers, at the end of the day they're really just like the rest of us in having to

put up with the petty annoyances of life. The only difference is, what drives us up the wall is less unusual than what gets their spandex in a twist. Here's...

[About Me]

[Name] Tad

[Age] 14

[Middle name]

None of your business

[31 October|08:41pm]

[mood] full of tiny Snickers bars

Tonight was Halloween, and my little sister Sophie decided to go as an angel. When I saw her downstairs in the hallway, I pointed out that "angel" is one possible name for her costume. Another is "dead kid." And then Sophie started crying and went to her room and wouldn't come out, and Mom and Dad made me go to my room.

[4 November|04:15pm]

At school today, the signs went up for the fall dance, Pilgrimfest '05. (It's called Pilgrimfest because it happens around Thanksgiving. They decorate the gym with leaves and cutouts of turkeys.) I've decided to ask Katie Zembla from my geometry class. She seems really friendly and pretty, and she's always really nice to me after I let her copy my homework.

[7 November|03:37pm]

[mood] feeling dorky

I tried asking Katie to the dance today, but I got all nervous and wound up asking to borrow her eraser instead. And then I had to erase some stuff so it wouldn't look weird, so I wound up erasing a couple of answers on my homework right before I had to hand it in.

[2 November|07:34pm]

I just finished the sixth Harry Potter book, and here's what I don't understand about Hogwarts: Okay, so, the school has a sorting hat that can figure out each student's true nature, and assign him to the appropriate house, right? But there are four houses. Three of them — Gryffindor, Hufflepuff, and Ravenclaw — are full of normal people. And then there's Slytherin, which is NOTHING BUT EVIL PEOPLE. If I ran Hogwarts, when the sorting hat assigned a student to Slytherin, I'd send him home, or maybe to, like, wizard reform school. I mean, duh.

[8 November|03:22pm]

[mood]  feeling completely dorky]

I tried asking Katie again, but I wound up asking her to borrow her protractor. It's getting embarrassing.

[9 November|05:05pm]

[mood]  very happy]

Good news! I finally asked her, and she said she'd go with me! Well, actually, she said she'd go if this person she's waiting to ask her doesn't by Friday. So I'm her second choice!

[11 November|03:36pm]

It's Friday, and I caught up with Katie after class, and she says he still hasn't asked her, but she wants to give him until Monday.

[14 November|04:10pm]

[mood]  very very very happy]

Hooray! Katie said she'd go with me! Pilgrimfest is four days away, so I have until then to find out stuff like what to wear and how to dance.

[15 November|06:51pm]

Mom took me to the mall today to look for a new tie. I like the one I have, but she says girls don't like boys who like ties that look like fish.

[17 November|07:18pm]

Tomorrow's the big dance! I went to the Dollar Depot today and bought some **ck One** cologne. Well, actually, it's called **dB Two**, but it smells just like **ck One**, and it only costs a buck! It's pretty good — my dad noticed it right when he came home, and I was all the way up in my room. He asked how much I paid for it, and when I told him, he said, "That's a bargain for cologne that strong!" And then he opened all the windows.

[19 November|11:26am]

[mood]  itchy]

Ugh. I didn't wind up going to the dance after all. I woke up yesterday morning covered in hives. Mom took me to Dr. Bauer, who tested me and told me that I'm probably allergic to the artificial musk in the **dB Two**, which I guess is good to know. He gave me some **Benadryl**, and I spent the night at home, recovering, watching TV with my parents. They tried to be nice about it, but every once in a while, my dad would look over at me and start laughing, and then he'd try to pretend that he was laughing at the TV, but we were watching **Law & Order SVU**, which isn't really all that funny.

The Snipe: We're not sure why, but we find it strangely disturbing that there are people out there who actually care what the *Revenge of the Sith* poster looked like in a Loews Peking multiplex!

The Snipe: It's unclear if all the songs are going to be about traveling with deities — but we anxiously await "Buddha Park My Scooter."

DVD

MR. & MRS. SMITH

FOX Home Entertainment • November 29

The Hype: After years of vanilla-wedded bliss, ordinary suburbanites John and Jane Smith (Brad Pitt and Angelina Jolie) are stuck in a rut the size of the Grand Canyon — until the truth comes out. Unbeknownst to either, they are highly paid assassins working for rival organizations, and they're each other's next target.

The Snipe: A movie pairing Brad and Angelina as lovers? Hmm... interesting concept, and it's good to see them both working again. They're pretty much flown under the radar this past year!

The Hype: Chop it, drop it...you can even lay straw while spreading chaff. BUILDING BLOCKHEADS DEPT.

Put together one very run-down house, a deserving family, a guy with a bullhorn who you'd like to choke, hundreds of construction workers and a hunch of designers who do the same kind of renovation over and over, and over and over, and what do you get?

Extreme ONCE-OVER HOME REPITITION

I'm Trying Bragington, as if you didn't know that! This week's **Extreme Once-Over** involves a man. A very special man. Not as special as me, but still a little bit special. Marvin's had more than his share of bad luck, as you'll see by the video he sent us!

I want to do something very special for this family! Something they can point out and say: "Wow, look at this very special thing Trying did for me!" Of course the first thing I'll do is make a plaque with my picture and signature so it can be part of the foundation!

I know you like to take credit for everything yourself, Trying, but others help, too! As an interior designer, I like to ask the kids what they would like to see in their own rooms! And if I don't like what I hear, I strongly suggest that what they really want is something I designed already! I mean, what am I supposed to do? Really design and build a kid's theme room in less than a week? Let's get real! I'm telling you right now — one of those kids is getting a room with a boating motif, even if a picture of a lake makes him puke!

Good morning, Lakely Family! Wake up and come out here! Or should I say, "wake up and roll out here"? Your annoying **Extreme Once-Over** team has arrived!

When we saw your moving video, the whole design team agreed that we had to do something to help you get ahead. I'm sorry, I mean you *have* a head, but we're going to make life easier for you and your five kids!

Five? I only have two kids!

Yes, five! You had two when we came here, but our producer felt two kids in your situation was merely daunting, but he thought five kids would make your situation truly frightening! So he adopted three more for you to care for! It makes for a better reality show!

My bad luck started with a tragic and bizarre Xbox accident! While playing **Mortal Kombat: Deadly Fungus** against 4,137 other players, the extreme friction of thumping the control buttons at a blazing speed caused my thumbs to burst into flames! In order to keep the fire from spreading, EMS workers proceeded to remove my arms at the shoulders!

I was doing all right without my arms, but then while jogging down a steep hill, my legs suddenly burst into flames! It turned out I had a rare condition known as SCS, Spontaneous Combustibility Syndrome! While I was on fire, doctors decided they had to remove my legs or I might burn to the ground! In their zeal to work quickly, they cut too high up and accidentally severed my head from my body. I was going to sue the hospital until the doctors pointed out how lucky I am! I'll never again have to suffer with things like backaches, or liver problems or even a heart attack, since I no longer have those organs!

This is a sad, sad story indeed! But luckily for us, it gets even more tragic! And that's what we strive for! Milking those tears out of the audience!

Then my wife died during child birth! No, not giving birth to our child, but while assisting her best friend! While writhing in pain as the baby was emerging, she accidentally kicked my wife out of an 18th story window of the hospital! In a bizarre twist, she landed on and crushed our only car. I was left alone to raise our two kids!

Every week, we do a project that would ordinarily take at least four months to complete! Two years to complete if done by union workers! Three years if it was done up to building code!

Sure, that's fast, but what we put up, stays up! Well, it stays up long enough for our cameras to record it! Once it's on tape, of course, we're outta there, so we rarely hear "Timber" if the house falls down! But we always warn the families to heavily insure the place, because even if it stands up, how safe is a house where the electricians were given just four hours to wire it top to bottom!

We forever change the lives of the families we choose! Not only by renovating their homes, but by burying, burning and destroying important papers, stocks and bonds, family heirlooms, priceless once-in-a-lifetime photos, everything they left behind! After all, we only give them 20 minutes to clear out their life's belongings before we send them on vacation!

ARTIST: TOM RICHMOND

WRITER: DICK DEBARTOLO

If you could have anything, what would you like to see in your own room?

I'm crazy about roller coasters! I'd love to see them all over my bedroom walls!

Guess what? Boats at sea go up and down just like roller coasters! Trust me, you'll love boats just as much as you love roller coasters!

I hate boats! Boats make me seasick!

Not mine! I draw seasick-free boats! And that's what you're going to get!

There goes the family! They're off on a four-day cruise to the Bahamas!

A four-day cruise? Isn't the family supposed to stay away for seven days?

No problem! Since our sponsor would only spring for a four-day cruise, we've arranged for customs to arrest them for three days when they return! The kids will get to experience what it's like to be in jail, which will help keep them out of trouble as they grow up!

We are more than 200 volunteers strong! In that crowd we have carpenters! We have electricians! We have masons! We have painters! And I'm willing to bet we have pickpockets, so watch your wallets as you work!

Lakely Family, there goes your house! And with it goes the leaky roof, the rusty pipes...

MEEEEEOOOO-OOOWWWW...

...and, unfortunately, I think your cat!

I want to make this house really work for Marvin. Since he's only a head, his bedroom doesn't need much wardrobe space. After all, he has no clothes, no shoes, no belts, but he does have hats! Hats, caps, beanies, berets, tams, yarmulkes, Indian headdresses, fezzes, fedoras and an outstanding turban collection. Plus, everyone on this project has chipped in and we're going to buy him a crown, a diver's helmet, a miner's lamp and Lincoln's original stove pipe hat, so he can really vary his looks! I'll also be building special display cases for all the other things he wears! One rack here will be for his eyeglasses, contact lenses, sunglasses, safety glasses and flying goggles! Another rack is just for his headbands! And these pegs will hold his binocular and monocle collection. And for the future, I'll leave a few extra empty pegs for when he starts wearing toupees!

Here's a rare look inside one of our many trucks! There's a whole bin of nothing but brand new faucets! There's a whole bin of every conceivable kind of nut and bolt! And over there are three giant bins filled with tons of cash!

Cash? What do you need that much cash for?

Did you ever try to get a building permit or a building variance in just a matter of hours? Surprise! — it can be done! But not without a ton of bribes!

I love "messaging" with the family while they're away! It's my favorite thing!

Guess what, Lakely Family? While we were building your awesome house, it kinda caught fire! Right now it's burning out of control!

That Trying is such a cut-up! They'd never let that happen!

Unfortunately, Trying's not kidding! We're forced to work just too damn fast! Racy built a fireplace in the living room but never had enough time to build a chimney for it! You can't believe how fast a wooden house burns!

This is my favorite part of the show — shopping at Sears! I have a long list of stuff to buy. Buy??? Did I say buy? What the hell was I thinking? See that Sears sign and these Sears logos? This is prime time television, so the fact that you can see all those logos will "buy" me everything on this list! Plus everything on Trying's personal list, Maul's personal list, Pressing's personal list, and of course, my ever-expanding personal list! (Hey, you reading this, you need something? Drop me a note!)

Muckle, where the hell were you? You were supposed to go to Sears and be back within the hour!

I'm sorry! I had to stop for gas! Then I used the rest room and it was filthy, so I took an extra hour and gave it a complete make-over! It's so beautiful, they now charge guys \$5 to take a leak!

Nice touch, Pressing! Those shutters are such a good idea! They look sharp and, if I'm not mistaken, they match the shutters on the house next door perfectly!

You have a good eye, Trying! They not only match, but these are the shutters from the house next door! I'm running a little behind schedule, so I had to take some short cuts!

I took some short cuts too! These plants are from the cemetery around the corner! And I was able to come up with this instant brook just by rupturing an underground water main!

This is the moment we've been waiting for! The Lakely Family is back home and it's time for everyone to shout — Bus driver! Move that bus!!!

Oh my God, that house is too good to be true!

Yes, Marvin, it *is* too good to be true! Carpenters, move that painted backdrop of the mansion!!

Well, it's better than what we had before!

And you'll love what's left of the inside, but we can't show you that until the firemen leave! But in the meantime, look in the garage, because there's a brand new car for each of you kids old enough to drive!

Yes!
Yes!
Yes!

Enjoy them, kids, and just be sure to return them to Avis by Sunday at 8 PM, or you'll have to pay for an extra 24 hours!

Marvin. I'm from Lending Fee and it's my privilege to tell you that the kind and generous folks at Lending Fee are paying off your mortgage!

Oh my God, that is such great news!

Yes, we're paying it off completely for the first month, and then we're paying off half of the second month, and by then you should be on your feet! Or on your neck! But either way, you'll be on your own paying off the rest!

Marvin, everybody knows about my secret room. Everybody knows because it's the least secret thing on the show. It's the thing we hype all through the hour and I talk about in a whisper loud enough for the neighbors down the block to hear!

I've watched the show so I know how it works. You assign everyone else all the crappy jobs you don't want to do yourself. Then you go into your secret room to work and you keep everyone else out. My guess is most people think you're just slacking off in there, or designing stuff for your personal line at Sears!

For your information, I spent seven days in this secret room to design this!

It looks like a giant sling shot!

It's way more than that, Marvin! Here's how it works! You rest your head in the leather strap and push button #1 to go to the office, button #2 to go to stores and button #3 to go to church! Button #4 is a surprise destination. Once you select the button, this expandable relocation strap automatically pulls back and fires you to your destination! Forget the traffic — you'll be way above it!

Excuse me, Trying, but isn't that Pressing's body splattered on the ceiling?

Yes, he was my very first test subject. I'll have some workmen scrape his remains off the ceiling! Don't you worry though, Marvin. The ceiling now opens before firing!

Well, team, we all did a hell of a job with the Lakely's home, especially me! But now let's take a peek at what we'll be doing next week. In this one house, there are 50 people living in substandard conditions!

50 people in one house? That's inhumane!

What kind of a house is that?

It's the poor house! And it's filled with all the local carpenters, electricians, plumbers and tradesmen — the poor schmucks we talked into donating goods and services to our show — far beyond what they could afford. Sure, we told them millions of people would watch the program, we just didn't tell them those millions of people probably couldn't care less about who gave up their life savings to be part of the program. But folks, that's show biz!
